...

"This deep, dark and delicious Cab has aromas of blackberry, leather and cedar. It has a silky mouthfeel, along with flavors of red fruit, blackberry, spice and a touch of vanilla. The wine is rich, but nicely balanced with acidity."

Connoisseurs' Guide
to California Wine

...

"Full and rich, deep and direct, curranty and minty with more than a bit of caramelly oak on its ledger sheets, this one may be a tad less than fully complete but its pieces add up to drinking pleasure nonetheless. Supple, fleshy, on the soft and inviting side, this is not a wine for long aging, but not every Cabernet should offer a challenge to your wine cellar. Drink this on up over the next two to five years and enjoy."

RELEASE DATE:

April 2009
4,075 Cases
Produced
